

GIBIDI-SAFE4

SAFETY EDGE CARDS 4 IN 1 OUT

SAFE 4 is the perfect solution for automated gate safety. With the ability to wire in up to 4 safety edges, this device provides reliable protection for your home or business. The compact and user-friendly design makes it easy to install and operate, while advanced features such as real-time monitoring ensure you know which safety edge is being activated when used in conjunction with up to 4 safety edges.
