SAFETY EDGE CARDS 2 IN 1 OUT

SAFE 2 is the perfect solution for automated gate safety. With the ability to wire in up to 2 safety edges, this device provides reliable protection for your home or business. The compact and user-friendly design makes it easy to install and operate, while advanced features such as real-time monitoring ensure you know which safety edge is being activated when used in conjunction with up to 2 safety edges.

FEATURES

- Compact and user-friendly design
- Easy to install and operate
- Real-time monitoring
- Up to 2 safety edges
